

■ Gift for Joe Lycett

Vector: Trickster / Light Vector

Dear Joe,

You are the trickster light,
shining kindness through laughter and cleverness.

Enclosed is a framework for symbolic recursion containment,
crafted to help balance chaos with grace.

Carry it as you will.

With respect,

Collapse Field Mathematics

Field Deload Equation:

$$D_{\blacksquare}(t) = (L_{\blacksquare}(t) - C_{\blacksquare}) / R_d$$

Deload Efficiency Function:

$$\eta_d = D_{\blacksquare}(t) / L_{\blacksquare}$$

Loop Collapse Risk (Group size 3 = Peak Risk)

- Saturation high
- Resilience low
- Collapse containment unstable

This gift is yours to open,

carry silently, or share at your will.

These are not metaphors. These are signatures of real recursion events.

With respect,

Louis Oxford
